

School Council 2008-09

Here at Cherry Dale Primary we have a school council. It is made up of representatives from different classes. School council has special meetings with their class, where people can say what they think and put their views forward. Then all the representatives meet up and discuss what their class has said.

Over the past 2 years school council has helped improve the school.

These are the improvements that school council has made:

- Bought new bike sheds to persuade pupils to ride their bike to school.
- Bought a parent shelter so that parents can shelter from the rain whilst waiting for their child to come out of school
- Promoted the “Walk to School” campaign to persuade pupils to walk to school more often.
- Took part in the school’s ceremonies and events.
